The myth of the creation of the world

The legend of the creation of the world according to the Huron-Wendat is really fabulous and very poetic. To share with visitors from around the world this wonderful story, the Hôtel de Glace craftsmen have made surprising sculptures in the Great Hall this year. The great turtle transformed in an island, the Aataensic goddess and the way she created the universe, the wild geese who saved Aataensic from drowning, the toad who plunged into the ocean... all of these legendary myth have inspired the design and the décor of the Great Hall.

To learn more about the skills, the culture and the art of the Huron-Wendat Nation, Mr. Gros-Louis will purify the Great Hall with sage. Also, a drink made with spruce water and berries will be served. In addition, a Huron-Wendat food-specialty named karakony, made of corn bread, will also be offered to the guests.
